Maybe even better than free.

You can give this download link to your friends by mail or instant messenger. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Keep your files private, or send your download links only to friends or family. Files transferredthe old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. It is also allowed to link to the download pagefrom websites and communities. filehosting provides an easy possibility for you to send large files to your friends. No account or credit card is required to getstarted. We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. Files can be downloadedfrom any computer from our high speed servers. So try our free and simple filehosting service now. You decide who you want to share your files with. File isfree to use with no gotchas and no hidden fees. Just upload the file you want to share with your friends and we send you a download link to your file. There areno restrictions on the number of times a file can be downloaded. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. If only we could, we surely would! On theother hand, using file can actually save you money. Our service is completely free for everyone. Unfortunately, we can't make that part free. Why pay storagefees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. This is easy, fastand reliable filehosting! You don't need any kind of premium-accounts. You don't need any special software installed to be able to download your files. Any filein any format can be uploaded and downloaded for free.
